

# Melese Ayichlie, *Full-Stack Developer*

---

📍 Addis Ababa, Ethiopia | ✉ meleyi2021@gmail.com | ☎ +251930707411 🔗 [GitHub](#) |

## Profile ([Portfolio, click here](#))

Im Full-Stack Developer with 2 years of experience developing robust applications at the Commercial Bank of Ethiopia. Proficient in React.js, Next.js, Express, Django, ASP.NET, MySQL, PostgreSQL, and MongoDB, creating scalable, secure, and optimized solutions with clean code.

---

## Key Skills

### Full-Stack Development

- **Frontend:** React.js, Next.js, TypeScript, Tailwind CSS, Ant Design, Material-UI (MUI), ShadCN
  - **Backend:** ASP.NET Core, Nest.JS, Django, Node (Express), Entity Framework
  - **Databases:** SQL Server, PostgreSQL, MongoDB
  - **API and Security:** OAuth, JWT, LDAP, RESTful APIs and third-party API integration
  - **Other Skill:**
    - **Version Control** – Git (GitHub, GitLab)
    - **Deployment** – Vercel, Netlify, Neon, IIS, Docker, CI/CD pipelines.
    - **ORMs** – TypeORM, Sequelize ORM, Drizzle ORM, Prisma, Entity Framework, LINQ to SQL
    - **.NET View Engines** – ASPX, Razor, Spark.
  - **Projects:** Credit Management Systems (Mechanical, Retail), CRM, GitHub Mini-Projects
- 

## Professional Experience

### Software Developer, Commercial Bank of Ethiopia

*Full-Time | Addis Ababa, Ethiopia | 2023 – prst*

Developed and maintained secure, scalable web applications using Django, React.js, Next.js, Razor page, Tailwind CSS, Ant design, MUI, ASP.NET, and Nests.

### Lecturer, Bonga University

*Full-Time | Bonga, Ethiopia | 2020 – 2023*

Taught Analysis of Algorithms, Complexity Theory, Databases, Operating system, emerging technology with a focus on practical implementation (e.g., coding assignments in C#, C++, PHP).

### Lecturer, St. Mary's University

*Part-Time | Addis Ababa, Ethiopia | 2023 – 2025*

Taught Analysis of Algorithms, Complexity Theory, Compiler Design, emerging technology with a focus on practical implementation (e.g., coding assignments in C, C++).

---

## Project

- **Collateral Management & Evaluation System**

Led development of a centralized platform to track and assess loan collaterals, reducing processing time. Tech: ASP.NET Core + SQL Server. Access control using LDAP and automated report generation.

- **CRM for Ready-Made Project Sales**

Built a CRM to manage client interactions and project pipelines, improving sales team efficiency. Tech: MERN. Integrated **OAuth 2.0** for secure third-party logins.

## GitHub Mini-Projects

**GitHub Portfolio** ([github.com/meleayi](https://github.com/meleayi))

1. AI-Powered Quiz Generator (MERN, OpenAI API, TypeScript, and Vercel)
  - Developed a dynamic quiz generation tool leveraging Open AI's NLP to create customizable assessments.
  - Features: Adaptive difficulty, PDF export, and real-time feedback.
  - Deployed on Vercel: [Click Here](#)
2. Student Management System (React.js, Nest.js, PostgreSQL)
  - Full-stack system for tracking student performance, attendance, and course analytics.
  - Implemented JWT authentication and role-based dashboards (Admin/Instructor/Student/Parent).
3. Authentication Microservice (Next.js, TypeScript, Mongo DB (Atlas Mongo Cloud with Drizzle ORM), Next Auth, JWT, and Session Management)
  - Streamlined secure user auth with multi-provider login (Google, GitHub) using Next Auth. Offers password reset via Gmail and email-activated registration.
  - Deployed on Vercel: [Click Here](#)

---

## Education

## Master's Degree in Computer Science

Bahir Dar University, Bahir DAR, Ethiopia | 2023

- Thesis: [Detecting Hate Speech in Amharic Using Multimodal Analysis of Social Media Memes](#)
  - Published in Torino, Italia

## Bachelor's Degree in Computer Science

University of Gondar, Gondar, Ethiopia | 2019

- Relevant Coursework: Data Structures, Algorithms, Database Systems, Software Engineering.
- Project: Student Management System

---

## Certification

- Certified Full-Stack Developer, [Udacity](#)
- React Native, [ICT4D](#)
- Teaching and Curriculum Design Certification, [Bonga University](#)

---

## Why Hire Me?

- [Expertise in DSA](#): Proficient in explaining and implementing complex algorithms with real-world applications.
- [Technical Proficiency](#): Hands-on experience building scalable, secure applications with modern tech stacks.
- [Reliable Delivery](#): Track record of meeting deadlines while maintaining high standards of quality.
- [Passion for Education](#): Committed to empowering learners through innovative and practical teaching methods.
